

# Key Instant Recall facts

## Reception - Autumn 2

**To name numbers in order to 10.**

**To compare 2 numbers by saying which is more or less.**

By the end of this half term, children should be able to say the numbers to 10 in order and also be able to compare the size of 2 numbers within 10.

Children should say the following number names in order:

0 1 2 3

4 5 6 7

8 9 10

They should also know which number is larger/smaller out of 2 numbers given to them:

e.g. 3 and 7  
6 and 1

The aim is to recall the numbers instantly and know which number is larger/smaller instantly.

### Top Tips

The secret to success is practising little and often. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey?

Perhaps you could have number cards that you can show your child and they say which number is larger or smaller.

Maybe use a number line to help compare the size of numbers
