

Key Instant Recall facts

Year 2 - Summer 1

To know all doubles and halves of even numbers to 20

By the end of this half term, children should know the following facts. The aim is for them to recall these facts instantly.

Double 2 = 4	Half of 2 = 1	Key vocabulary double half
Double 4 = 8	Half of 4 = 2	
Double 6 = 12	Half of 6 = 3	
Double 8 = 16	Half of 8 = 4	
Double 10 = 20	Half of 10 = 5	
Double 12 = 24	Half of 12 = 6	
Double 14 = 28	Half of 14 = 7	
Double 16 = 32	Half of 16 = 8	
Double 18 = 36	Half of 18 = 9	
Double 20 = 40	Half of 20 = 10	

Use what your child already knows - Encourage them to find the connection between the 2 times table and double facts.

Top Tips

The secret to success is practising little and often. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You don't need to practise them all at once: perhaps you could have a fact of the day.

Songs and Chants - You can buy CDs or find number bond songs and chants online. If your child creates their own song, this can make them even more memorable.

Ping Pong - In this game, the parent says, "Ping," and the child replies, "Pong." Then the parent says a number and the child doubles it. E.g. you say '4' and your child would respond with '8'. For a harder version, the adult can say, "Pong." The child replies, "Ping," and then halves the next number given. E.g. you say '12' and the child would say '6'.
