Top Tips

The secret to success is practising little and often. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You don't need to practise them all at once: perhaps you could have a fact of the day.

What do you already know? - Your child will already know many of these facts from the 2, 3, 5 and 10 times tables.

Buy one get three free - If your child knows one fact (e.g. $9 \times 3 = 27$), can they tell you the other three facts in the same fact family?

Times Table Rockstars - Children all have their username and password to practice in the "Garage" and the "Arena". They could try playing in the "Studio" but remember these will be any questions up to 12×12 . <http://www.conkermaths.org/cmweb.nsf/products/conkerkirfs.html> See how many questions you can answer in 90seconds.
